FORGED ETHIC

At the heart of the Babbitt Ranches Community,
that which truly matters most, is our effort in being aware of
our character, principles, values and ethics.

We strive to understand who we truly are deep inside
and determine what kind of people and organization we want to be.

It is through discipline and integrity that we
are consistently demonstrating what it means to be at our best.

In this way, we can set the example and behave
as a model and mentor for our youth
so that they can determine what kind of people they can become,
what kind of people they want to be.

MISSION STATEMENT

Through our efforts of learning and understanding,
Babbitt Ranches, a family business and pioneering land
company, raises livestock, manages natural resources,
promotes science and participates in the broader
community in order to join, share and do the very
best we know how.

COWBOY ESSENCE

The cowboy culture has long been admired for many wonderful characteristics, for example; hard work, integrity, respect, optimism, self-reliance, family values, trust, confidence, honesty, loyalty, having a relationship with the seasons of the year, perseverance through hard times as well as gratitude during good times.

We are fortunate to have the cowboy heritage to remind us of Cowboy Essence and no matter who we are or where we are in our lives, we all have the opportunity to pursue Cowboy Essence.

We see examples of cowboy essence in all aspects of our communities, cultures and society whether in a schoolteacher, farmer, physician, family member at home, firefighter, law enforcement officer, businessperson, civil service worker, scientist, artist, outdoor recreationist, student or rancher.

The character qualities that make up Cowboy Essence are defined in The Constitution of Babbitt Ranches and are reflected in the Babbitt Ranches core values. Since 1639, they have guided the lives and generations of the Babbitt Ranches Community.

Cowboy Essence is the character and desire, developing a positive self-awareness of who we are and that we are always striving to be at our best.

The definition of Article III Cowboy Essence in The Constitution of Babbitt Ranches was inspired by the leadership philosophy of Hall of Fame Coach John Wooden.
